

SINGER®

ORIGINAL SINCE 1851.

The HD0405S Heavy Duty serger saves you time because it sews a seam and seam finish at the same time while trimming away the excess seam allowance. Seams and seam finishes – just like you see on store-bought garments – are possible thanks to the serger. You can use 2 threads, 3 threads, or 4 threads for a variety of stitch combinations.

Sew those narrow hems on napkins, or stitch up a knit top with seams that stretch with the fabric without popping. Sew a decorative edge around a fleece blanket for an extra bit of flair. You'll love the professional results your serger gives your projects.

FEATURES & BENEFITS

HEAVY DUTY METAL FRAME

Full interior metal frame provides long lasting durability.

STAINLESS STEEL BEDPLATE

With the durable stainless steel bedplate, fabric will glide smoothly over the machine's surface without leaving any scratches.

60% LARGER CUTTING KNIFE

Cuts thick fabrics with ease.

2/3/4 THREAD CAPABILITY

The different stitch types ensure the perfect stitch no matter what project: blind hems, rolled hems, flatlocking, finishing raw edges and sewing seams.

FREE ARM

Sew hems and cuffs with ease.

DIFFERENTIAL FEED

Eliminates stretching and puckering of seams.

1300 STITCHES-PER-MINUTE (SPM)

Finish your projects quicker with a fast stitching speed.

ADJUSTABLE THREAD TENSION

Set upper thread tension for various threads and sewing techniques.

BUILT-IN ROLLED HEM PLATE

Create beautiful rolled hems without changing the stitch plate.

PRE-THREADED COLOR CODED SPOOLS

For easy set-up and learning the thread paths.

EXTRA HIGH PRESSER FOOT LIFT

More space for multiple fabric layers.

2 LED LIGHTS

Clear view of the sewing area while eliminating shadows.

QUICK AND EASY THREADING

Easy-to-follow color-coded threading guides.
